

Our goal is your goal. A college degree.

Not only do we share in this goal, we want to help you get there. We have great relationships with the other colleges and universities in Nevada and many of our courses can easily transfer to them. As a matter of fact, we have UNLV and NSC transfer centers on our campuses. So if you're looking for affordable courses to help you get to your goal faster, think CSN.

We're an incredible resource and we're right around the corner. Check us out.

Your future starts here
