

BRINGING *A Team Approach* TO HEALTHCARE

For nearly 50 years, we have trained students to become doctors, researchers and healthcare professionals. They benefit from small classes, award-winning faculty, a state-of-the-art cadaver lab and early hands-on clinical experience. Our campus extends beyond classrooms through partnerships – including Renown Health, the VA, rural rotations and local physicians – providing unique educational experiences and opportunities for collaboration. It's a community-based approach that proves we're stronger together.

*We're building A Healthy Nevada.
What part will you play?*

BS-MD | MD | MD/PhD | MD/MPH | MD/MBA
Physician Assistant Studies | Speech Pathology & Audiology
